

Knapstein

PIA-R3

Technical details

País de origen	 Alemania
Fabricante	Knapstein
Diseñador	Knapstein
año	2019
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
entrada de tensión	230 - 240 Volt
Diámetro en cm	50
material	latón, vidrio
Atenuación	dimnable con control de fase inversa y con reguladores de control de fase
Potencia en vatios	5,4 W
LED	incluyendo
Índice de reproducción cromática	>90
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Versión	-
El rendimiento del sistema	3 x 10 Watt
Flujo total luminoso en lm	2.940
Dimensions	H 5 cm Ø 50 cm

Descripción

The Knapstein PIA-R3 is a round ceiling lamp with a diameter of 50 cm. The total height of the lamp is 5.2 cm. This flat design is made possible by a magnetic holder. This magnetic holder also ensures that no screws are visible in the ceiling housing. The light is distributed homogeneously and diffusely downwards through the matted glass. The ceiling housing has a matt nickel-plated surface. Three LEDs, each with a colour temperature of 2,700 Kelvin extra warm white, are integrated as light sources. The PIA-R3 from Knapstein is dimmable on site with a phase dimmer. In addition to this round ceiling lamp, the series also includes square and rectangular lamps.
