Descripción

The Holtkötter Aura P3 is a pendant lamp with three lamps mounted on a rectangular canopy. Each lamp has a metal reflector, available in the colours brass anodised, black, platinum and aluminum matt. The pendant lamp self is offered additionally in brass anodised, black, platinum and matt aluminum. The canopy has a matching surface to the lamp.

By simply pushing upwards or pulling downwards a pendulum can be adjusted individually in its overall height up to a maximum of 160 cm. An integrated roll-up mechanism ensures that the cables disappear into the canopy and the lamps always remain horizontal at the desired height.

The Aura P3 can be dimmed on site using a trailing edge phase dimmer. Thanks to the Dim-to-warm technology used, the light colour of the integrated LEDs is changed during dimming to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function saves the last light intensity set and automatically selects it again the next time the light is switched on. The series also includes pendant lamps with with mouth-blown glasses or with two lamps mounted on a rectangular canopy. The Aura R3 is also available with three lamps mounted on a round canopy.
