Descripción

The Bomma Blimp Pendant Medium has a mouth-blown glass with a diameter of 45 cm. Including the suspension, the lamp is 62 cm high. Each glass is made of crystal glass and individually mouth-blown, thus small bubbles or irregularities in the glass can occur. The Blimp pendant lamp is available in the glass colours clear or amber and has a suspension made of black matt powdered metal. Its cable with a maximum length of 250 cm can be shortened if necessary; on request, the lamp is also available with other cable lengths. The light source is an on site dimmable LED with a colour temperature of 2,700 Kelvin extra warm white.
