

Bopp

Session 4-lights

Dimmbarkeit

- dimmable con control de fase inversa y con reguladores de control de fase
- con módulo Casambi
- con módulo ZigBee

Technical details

País de origen	 Alemania
Fabricante	Bopp
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
entrada de tensión	230 - 240 Volt
material	aluminio
superficie	aluminio
LED	incluyendo
Índice de reproducción cromática	80
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
El rendimiento del sistema	2 x 5 Watt + 2 x 8,5 Watt
Flujo total luminoso en lm	2.620
Dimensions	H 12 cm B 8 cm L 73 cm

Descripción

The rectangular LED ceiling light Bopp Session 4-light is made of aluminium and emits warm white light glare-free directly and into the room. This LED ceiling light in the polished aluminium finish is 73 cm long, 8 cm wide and 12 cm high. The rectangularly designed lamp has a combination of two externally mounted, tiltable and rotatable spotlight heads and two fixed, centrally arranged luminaire elements. The two outer, tiltable and rotatable spotlight heads enable precise alignment of the light sources. The lamp is available in three versions: dimmable with a trailing edge and / or leading edge phase dimmer, with a Casambi module or with a ZigBee module. With a Casambi module, it is possible to operate the ceiling light via smartphone or tablet using the Casambi app via Bluetooth. With a ZigBee module, the lamp can also be regulated via voice control. Both modules allow the lamp to be controlled via app.
