

Bomma

Orbital Table

Glasfarbe

- rosa
- negro
- blanco
- claro

Version

- oro
- plata

Technical details

País de la Fabricación	 Chequia
fabricante	Bomma
diseñador	Studio deFORM
protección	IP20
Volumen de suministro	LED 230 Volt
entrada de tensión	110 - 240 Volt
material	acero Inoxidable, crista vidriol, Textil
Color del cable	negro
longitud del cable	180 cm
Atenuación	Regulable en el sitio
base/portalámparas	E27
conmutabilidad	en la delantera
Alimentación (máx. Watt)	13 Watt
LED	incluyendo
Diamètre de l'ombre	36 cm
reemplazo de la bombilla:	en el sitio mismo
Dimensions	H 43,5 cm B 25 cm

Descripción

The Bomma Orbital Table consists of two outer glasses and a ring-shaped middle part as well as a lamp base made of stainless steel. The two glasses are made individually from mouth-blown crystal glass. Small bubbles and irregularities in the glass are a characteristic feature of traditional glassblowing. During the manufacturing process, clear crystal glass is mixed with coloured glass, which makes the glass colour particularly durable. As each glass is made individually, it is unique, so that the colour shade and intensity can vary.

With the Orbital Table, one glass is always clear, the other glass is offered in the colours polaris white, venus pink and clear. The base of the lamp is available in silver or patinated gold. The middle part of the lamp has the same surface as the base. The Orbital table lamp has an E27 socket that can be operated with a replaceable Globe LED Retrofit.
