

Bomma

Pebbles Pendant Large Configuration 3-4-5

Version

- gris
- verde
- rojo

Technical details

País de origen	 Chequia
Fabricante	Bomma
Diseñador	Boris Klimek
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
entrada de tensión	230 - 240 Volt
Diámetro en cm	30
material	crista vidriol, metal, Textil
Color del cable	negro
longitud del cable	250 cm
Ajuste de altura	altura determinada
Atenuación	Regulable en el sitio con control de fase inversa
Potencia en vatios	25,5 W
LED	incluyendo
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	3.800
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones del dosel	27 cm
Dimensiones	H 118 cm Ø 30 cm

Descripción

The Bomma Pebbles Pendant Large consists of four differently shaped glasses. With this pendant lamp, three of the four glasses are always in the same colour combination. The third glass from the top is offered in the versions light grey, red or green. The other glasses have these colours in all three versions:

- the top glass is light grey
- the second from the top is white
- the lowest glass is black.

If desired, the four glasses of the lamp can also be arranged in a different order. Each glass is made individually from mouth-blown crystal glass. With traditional glassblowing, small bubbles or irregularities may appear in the glass; these are signs of this handcrafted art. During the production process, clear crystal glass is mixed with coloured glass so that the glass colour is particularly long-lasting. Each glass is individually hand-worked, so the colour intensity and tone can vary.

The metal suspension of the pendant lamp is powder-coated in matt black. The cable can be shortened if necessary and is also available in special lengths on request. The integrated LED has a colour temperature of 2,700 Kelvin extra warm white. The Pebbles pendant lamp is also offered by Bomma in other colour and shape combinations of the glasses. A lamp with any glass combination can also be put together on request.
