Lichtlauf

Ledl

Schirmfarbe

- rojo
- plata
- negro

Technical details

País de la Fabricación	Alemania
fabricante	Lichtlauf
diseñador	Christoph Matthias
año	2012
protección	IP20
Volumen de suministro	LED
entrada de tensión	230 - 240 Volt
material	aluminio
Color del cable	transparente
longitud del cable	200 cm
ajuste de altura	altura determinada
Potencia en vatios	12 W
LED	incluyendo
Indice de reproduccion cromatica	90
Temperatura de color en grados Kelvin	3.000 blanco cálido
Diamètre de l'ombre	25 cm
Altura de pantalla	1 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica

Descripción

The Ledl by the German manufacturer Lichtlauf is a pendant lamp made of aluminium, consistently reduced to the essentials. The Lichtlauf Ledl hangs by cable, for example, above a table. This LED pendant lamp blends into its surroundings, the light is in the foreground. The Ledl pendant lamp emits its warm white light directly downwards without glare. The very flat lamp shade made of anodised aluminium is 0.9 cm high and has a diameter of 25 cm. The Ledl by Lichtlauf is supplied as standard with a maximum 200 cm long transparent cable, which can be shortened if required. The light of the integrated LED is characterised by a very good colour rendering with a high colour rendering index of Ra 90. Whether suspended individually or in combination to several lamps, the Lichtlauf Ledl definitely attracts attention. This lamp is offered in the shade colours black, silver and red. Cables in other lengths are also available on request.
