

Gera Leuchten

Pendant Lamp 40x40x1200 RC

Oberfläche

- aluminio
- acero Inoxidable
- negro-marrón

Technical details

País de origen	 Alemania
Fabricante	Gera Leuchten
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
entrada de tensión	230 - 240 Volt
material	aluminio
Ajuste de altura	altura determinada
Atenuación	con control remoto
Potencia en vatios	22 W
LED	incluyendo
El flujo luminoso en lm	1.680
Temperatura de color en grados Kelvin	2700 - 4000 ajustable
reemplazo de la bombilla:	en el sitio mismo
altura total	20 - 250 cm
Dimensions	H 4 cm B 4 cm L 120 cm

Descripción

The pendant lamp 40x40x1200 RC by the German manufacturer Gera is operated with an integrated LED. This LED pendant lamp is available in the finishes aluminium-coloured and stainless steel-coloured. The pendant lamp made of aluminium is 120 cm long, 4 cm wide and 4 cm high. This elongated pendant lamp made of aluminium has a 58 cm long, 3.4 cm wide and 3.4 cm high ceiling suspension. The lamp connection is located directly at the connection terminal. The LED pendant lamp with square cross-section emits its light brightly and glare-free downwards. The LED low-voltage technology used in this lamp allows "cable-free" suspension from fine, current-conducting steel cables. The Gera Leuchten pendant lamp 40x40x1200 RC is adjustable in total height from 20 cm to 250 cm.

This pendant lamp is supplied with a radio remote control. The lamp can be switched on and off via the existing light switch as well as via the remote control. The brightness of the lamp can also be regulated via the remote control. Even at full light output, the colour temperature can be adjusted from 2,700 Kelvin extra warm white to 4,000 Kelvin via the remote control supplied. The last settings selected are saved. If necessary, the integrated LED can be changed by the user. The Gera Leuchten pendant lamp 40x40x1200 RC is also available in other lengths, as well as a version with sensor dimmer (touch-free switching and dimming).
