Lite Hole C/W 90

Oberfläche

- cobre
- negro
- oro
- blanco

Technical details

País de origen	 España
Fabricante	B.Lux
Diseñador	David Abad
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
entrada de tensión	230 - 240 Volt
Diámetro en cm	90
material	aluminio, vidrio acrílico
Atenuación	Empuje regulable
Potencia en vatios	41 W
LED	incluyendo
Índice de reproducción cromática	>90
El flujo luminoso en lm	7.960
Temperatura de color en grados Kelvin	3.000 blanco cálido
Dimensions	H 8 cm Ø 90 cm

Descripción

The B.Lux Lite Hole C/W 90 ceiling light consists of two concentric aluminum rings that sit on top of each other. Its lamp body has a diameter of 90 cm and a height of 6 cm. Including the ceiling bracket, this lamp is 8 cm high. Thanks to a diffuser made of opal white acrylic glass, any glare is prevented and the light is homogeneously distributed downwards.

The Lite Hole C/W 90 is available in the surfaces white matt, black matt, copper and gold. The integrated, powerful LED has a colour temperature of 3,000 Kelvin warm white and an output of 41 watts. It can be dimmed with Push or DALI. Push requires a 4-core mains lead for dimming, DALI a 5-core. A version that can be dimmed with a Casambi module by smartphone via Bluetooth is also available on request. The version with Casambi module can be operated easily and intuitively via mobile devices using the free CASAMBI app (iOS and Android). Casambi thus expands the control options with functions such as dimming, grouping of lamps, programming of groups and scenes, automations and much more. In addition to this ceiling light, the Lite Hole is also available with a diameter of 60 cm or 120 cm.
