

# Knapstein

## FABIA

### Oberfläche

- níquel
- negro
- bronce

## Technical details

<b>País de la Fabricación</b>	 Alemania
<b>fabricante</b>	Knapstein
<b>año</b>	2023
<b>material</b>	Metall
<b>lámpara pie</b>	Ø 26,5 cm
<b>Atenuación</b>	control por movimientos
<b>Potencia en vatios</b>	2 x 28 W
<b>LED #</b>	inclusive
<b>Indice de reproduccion cromatica</b>	>90
<b>El flujo luminoso en lm</b>	4936
<b>Temperatura de color en grados Kelvin</b>	2.700 blanco cálido extra
<b>protección</b>	IP20
<b>Volumen de suministro</b>	LED
<b>entrada de tensión</b>	230 - 240 Volt
<b>reemplazo de la bombilla:</b>	en el fabricante / en la fabrica
<b>Dimensions</b>	H 160 cm

## Descripción

The sensor for gesture control at the Knapstein Fabia is located in the centre of the lighting rod. The corresponding light source is switched on or off with a swiping hand movement in the sensor area. To dim the light, the hand is held in front of the respective sensor until the desired light intensity is reached. Thanks to the integrated memory function, the last settings are saved and are immediately available again the next time the light is switched on. In the event of a power failure, the lamp is automatically switched on if it was previously switched on. It remains switched off if it was also switched off before the power failure. This function is suitable for use with switchable sockets. The light rod of this floor lamp is 3.4 cm wide and 1.6 cm deep. The FABIA LED floor lamp from the German manufacturer Knapstein is available in different finishes.
