

# Holtkötter

## Janus H

### Struktur #

- noir
- aluminium
- noir / laiton

## Technical details

<b>Pays de fabrication</b>	 Allemagne
<b>Fabricant</b>	Holtkötter
<b>Créateur</b>	Holtkötter
<b>année</b>	2024
<b>Matériel</b>	Metall
<b>réglage de la hauteur</b>	réglable en hauteur
<b>gradabilité</b>	Section de phase
<b>Puissance en watts</b>	2 x 18 W
<b>LED #</b>	inclus
<b>Indice de rendu des couleurs (IRC / Ra)</b>	>90
<b>Flux lumineux en lm</b>	5400
<b>Température de couleur en kelvins</b>	2.200 - 2.850
<b>Indice de protection / Indice IP</b>	IP20
<b>Contenu de la livraison</b>	LED
<b>aptitude de tension</b>	230 - 240 Volt
<b>tête de luminaire masse</b>	18 cm
<b>remplacement des ampoules :</b>	sur le site meme
<b>Dimensions</b>	H 99 - 155 cm

## Description

The Holtkötter Janus H ceiling lamp has height-adjustable telescopic arms attached to the side of a rectangular ceiling canopy, which can be swivelled by up to 160° using joints. These swivelling telescopic arms make it easy to illuminate even large tables. The lamp heads, which can be continuously rotated and swivelled in all directions and contain a replaceable LED panel, allow the light to be individually directed. When dimmed, the light colour of the integrated LED changes to a warmer tone (from 2,850 Kelvin warm white to 2,200 Kelvin warm white) thanks to dim-to-warm technology. With a light output of 5,400 lumens and a colour rendering index of over 90, the Holtkötter Janus H provides powerful light that can be emitted directly or indirectly as required. The Janus H ceiling lamp is height-adjustable from 99 cm to 155 cm by extending or retracting the telescopic arm. The ceiling canopy is 33 cm long, 6.2 cm wide and 3.6 cm high. The Janus H is available in the following surface textures: matt aluminium, black/brass anodised and black.
