Description

The newspaper box Glasnost stainless steel is one of the design classics from Keilbach and was awarded the Form# 2001 design prize. It is produced in Germany completely from brushed stainless steel and has a width of 36 cm.

This newspaper box fits perfectly to the mailbox variants Glasnost stainless steel, Glasnost structured glass, but also to the Glasnost models with printed glass. For example, it can be combined very well with the Glasnost red, Glasnost blue or Glasnost black stripes mailbox.
