aptitude de tension	110 - 240 Volt
matériel	acier Inoxydable
réglage de la hauteur	hauteur déterminée
atténuation	dimmerable sur place
Socle / Douille	E14

Description

The Serien Lighting Zoom XL has a brushed stainless steel finish. It is offered with one, two or three adjustable elements. The elements can be pushed together or pulled apart individually. Therefore, the diameter and the total height of the lamp change thanks to a scissor grid principle. In order to adjust the maximum diameter, the minimum suspension should be 180 cm. As accessories, Zoom crystals are available as a set of 20, which can be hooked into the lower element.
