Fil de Fer Pendant LED 50

Oberfläche

- aluminium naturel
- or

Technical details

Pays de fabrication	 Italie
Fabricant	Catellani & Smith
Créateur	Enzo Catellani
année	2002
Indice de protection / Indice IP	IP20
Contenu de la livraison	LED
aptitude de tension	110 - 240 Volt
Diamètre en cm	50
matériel	aluminium
longueur de câble	170 cm
réglage de la hauteur	hauteur déterminée
atténuation	dimmerable sur place avec commande gradateur de phase inverse
Socle / Douille	G4
LED	y compris
Indice de rendu des couleurs	80
La température de couleur en Kelvin	2.700 extra blanc chaud
canopée Dimensions	21 cm
remplacement des ampoules :	sur le site meme
Les performances du système	12 x 1 Watt
Flux lumineux total en LM	900
Dimensions	Ø 50 cm

Description

The Catellani & Smith Fil de Fer Pendant LED 50 is a pendant lamp that consists of a mesh of aluminum wire in the form of a sphere. This pendant light is offered in two surfaces: natural aluminum or gold. In the version in natural aluminum the wire is untreated and thus appears silver. In the golden variant, the aluminum was anodized in gold. In the sphere itself twelve LED lamps are installed so that the light seems to glow from the inside to the outside.

This lamp has a diameter of 50 cm. The Fil de Fer Pendant LED 50 is equipped with twelve LED lamps, each with 1 watts of power. It is on site dimmable. This lamp has a dome-shaped canopy measuring 21 x 10.5 cm. The supplied cable is 170 cm long and can be shortened when required.
