

# Serien Lighting

## App

### Farbtemperatur in Kelvin

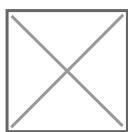

- 2.700 extra blanc chaud
- 3.000 blanc chaud

### Leuchtmittelabdeckung

- cristal de glace
- nervure
- Pyramid
- miroir
- vert fluorescent
- rayon de miel
- Opal
- gris

## Technical details

### Pays de fabrication

### Fabricant

Serien Lighting

### Créateur

Formfjord

### Indice de protection / Indice IP

IP20

### Contenu de la livraison

LED

### aptitude de tension

230 - 240 Volt

### Profondeur en cm

7

### matériel

verre acrylique, aluminium, polycarbonate

### atténuation

gradable avec variateur à coupure de phase  
et à commande de phase

### Puissance en Watt

16 W

### Indice de rendu des couleurs

>90

### remplacement des ampoules :

sur le site meme

### corps du luminaire

aluminium

### Dimensions

H 17 cm | B 17 cm

## Description

The Serien Lighting App wall lamp has a reduced square shape. For the front surface, different versions are offered as illuminant cover: with ribbed surface, opal white, honeycomb, pyramid, grey, fluorescent green, ice crystal or mirrored surface. On request, the wall lamp is also available with an individual print on the front. The choice of front surface has no influence on the room light itself, as the front surface is opaque. Whether in a row, graphic or deliberately free arrangement - App is suitable for multifunctional use.

The light is emitted symmetrically upwards and downwards by the App wall lamp. Part of the light is also diffused to the side. The light source is an integrated LED, which is available with a colour temperature of 2,700 Kelvin extra warm white or 3,000 Kelvin warm white. The lamp can be dimmed on site with a trailing edge and / or leading edge phase dimmer. On request, the App wall light is also available as a DALI dimmable version. This requires a 5-wire mains cable.
