commutabilité	sur la tête de lampe
Puissance (max. Watt)	10 Watt
Puissance en Watt	5,4 W
longueur du bras	30 + 30 cm
surface de réflecteur	vert
tête de luminaire masse	10 cm
répartition de la lumière	directement

Description

The Luceplan Berenice Parete Piccola is the smaller of the wall lights of this collection. This lamp was designed in 1986 by Paolo Rizzatto & Alberto Meda and is equipped with a mobile light arm. This arm is freely rotatable and swiveling.

The lamp is available with different reflectors made of glass or metal. The reflectors made of glass (in green, blue, red and white) direct a portion of the light into the room, while the majority of the light is emitted directly. On light head is a on / off switch.
