Les performances du système	3 x 0,6 Watt (6 x 128 LEDs) + 1 x LED 7 Watt
répartition de la lumière	la lumière de chambre
Dimensions	B 60 cm L 60 cm

Description

The Ingo Maurer Flying Flames Set 1 consists of LED candle elements, which are suspended together with a downlight. These LED candles seem to contain a candle flame at the top end, but have as illuminant LED boards in the form of two displays, each with 128 LEDs.

This set consists of a canopy with the dimensions 60 x 60 x 5 cm, on which hang three black, white or red LED candle elements and a downlight in black or chrome. The elements are each 43 cm high and 3 cm wide. They can be dimmed individually via an integrated pushbutton dimmer on the lamp body. The downlight is 12 cm high and has a touch dimmer, with which it can be switched on and off separately by a short touch. By touching for a longer time, the downlight can also be dimmed continuously. A memory function saves the last dimming setting of the downlight. The cable length of the elements is 200 cm, that of the downlight is 250 cm. If necessary, the cable length can be determined.

On request, also an individual Flying Flames Pendant Lamp is offered, with different sizes for the canopy as well as a different number of LED candle elements and downlights. The lamp is also available as a single pendant lamp One New Flame.
