Description

The Ingo Maurer I Ricchi Poveri Toto is a light object, an extraordinary table lamp designed by Ingo Maurer in 2014. It is operated with an LED bulb that looks deceptively similar to a light bulb and seems to be held by only two wires. The bulb wears a cap that is available in different finishes. The bulb is a special bulb that is exclusively produced for Ingo Maurer GmbH and can only be used in the I Ricchi Poveri Toto with LED bulb. The brightness of the I Ricchi Poveri Toto can be regulated by a cord dimmer. When dimmed, the light colour of the lamp changes to a warmer tone (from 2,700 Kelvin to 2,000 Kelvin extra warm white) thanks to the dim to warm technology.
