

Luceplan Hope Ceiling 109

Technical details

Pays de fabrication	Italie
fabricant	Luceplan
concepteur	Paolo Rizzatto
concepteur 2	Francisco Gomez Paz
année	2009
protection	IP20
Contenu de la livraison	Leuchtmittel/Bulb
aptitude de tension	110 - 240 Volt
Diamètre en cm	109
matériel	acier, polycarbonate
surface	transparent
atténuation	dimmerable sur place
base/version	E27
Les performances du système	3 x 105 Watt (max.)
Dimensions	H 64 cm Ø 109 cm

Description

The Luceplan Hope Ceiling 109 is the larger of two lights from this series. It has a diameter of 109 cm at a height of 64 cm. The lamp consists of numerous Fresnel lenses, which are attached in pairs on arms. The Fresnel lenses break the light like glass and create fascinating light effects on ceiling, wall and floor. The ceiling light can be dimmed on site.

The lighting series was designed in 2009 by Paolo Rizzatto and Francisco Gomez Paz. The lamps have been created as homage to the famous Hope Diamond as they glow and glitter as well. The lights of this collection have been awarded with several prizes, including the Red Dot Design Award and the Compasso d'Oro.
