Description

The Serien Lighting Draft Suspension Tube S is a pendant lamp with a chrome-plated steel tube and can be individually set in its total height. The hand-blown, transparent glass is offered in clear, brown and blue. It is 21 cm high and has a diameter of 26 cm.

The Draft Suspension Tube S pendant lamp has a colour temperature of 2,700 Kelvin extra warm white. On request, the pendant lamp is also available with 3,000 Kelvin warm white or with dim to warm function. With this function, the dimming behaviour of classic incandescent lamps, which is perceived as pleasant, is imitated during dimming. When dimmed, the colour temperature of this version changes from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white.
