Description

The total height of the Gio En-Tece-Em can be adjusted at any time using a counterweight with a rope mechanism. The type of suspension can be varied between horizontal and diagonal. The shape of the pendant lamp is intended to spatially represent the number or idea π . All dimensions are correlated via π . The pendant lamp is 100 cm long and 8 cm wide. It is well suited for hanging over long dining or work tables, for example. The surface of the lamp is in stainless steel semi-matt.

The counterweight has the shape of a discus. The En-Tece-Em pendant lamp is operated with an integrated LED and can be dimmed on site with a trailing edge phase dimmer.
