

LDM Wyng Dot

Oberfläche

- bronze
- argent
- blanc

Version

- avec module Casambi
- gradable avec variateur à coupure de phase et à commande de phase

Technical details

Pays de fabrication	Allemagne
fabricant	LDM
concepteur	Lasch + Prillwitz
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
matériel	aluminium, verre acrylique
couleur de câble	transparent
réglage de la hauteur	hauteur déterminée
Puissance en Watt	32 W
LED	y compris
Indice de rendu des couleurs	90
Flux lumineux en lm	3.232
La température de couleur en Kelvin	2.700 extra blanc chaud
canopée Dimensions	7 cm
remplacement des ampoules :	chez le fabricant / a l'usine
hauteur totale	120 cm
Dimensions	H 23 cm B 39 cm L 64 cm

Description

The LDM Wyng Dot is a pendant lamp made of transparent acrylic glass. The acrylic glass is printed with a precise dot grid. The integrated LED provides an even, absolutely glare-free light. During installation, the lamp can be suspended at a downward or upward angle. When the lamp is tilted downwards, the point grid is located on the top and the greater part of the light is emitted downwards. The Wyng Dot is available in white, silver metallic and bronze. Its canopy is always delivered in the matching surface.

The pendant lamp is available in two versions: dimmable on site with a leading or trailing edge phase dimmer or with integrated Casambi module. The version with Casambi module can be dimmed with the Casambi App via Bluetooth using a smartphone / tablet. The ropes of the Wyng Dot can be shortened if required. Special rope lengths are also available on request. The pendant lamp is also offered as Wyng Cube with a square grid on the acrylic glass.
