

Bover

Lineana V-brown

Technical details

Pays de fabrication	 Espagne
Fabricant	Bover
Créateur	Christophe Mathieu
année	2010
Indice de protection / Indice IP	IP66
Contenu de la livraison	Leuchtmittel/ Bulb
aptitude de tension	110 - 240 Volt
Profondeur en cm	10
matériel	acier Inoxydable, aluminium, polycarbonate
surface	brun
atténuation	dimmerable sur place
Socle / Douille	G9
Version	-
Les performances du système	2 x 9 Watt (max.)
répartition de la lumière	indirectement
Dimensions	H 38 cm L 21 cm

Description

The Lineana V wall lamp was created by the designer Christophe Mathieu and is manufactured by the Spanish manufacturer Bover. The metal strips running across the lamp ensure that the light is emitted upwards, downwards and to the sides and front. Thanks to the use of IP66 protection class, this wall lamp is weatherproof and protected not only against splashing water but also against water jets and UV radiation. The Bover Lineana V wall lamp is provided with additional protection against oxidation in epoxy polyester and is available in graphite brown or graphite grey. The wall-mounted part of the rectangular Lineana V is 37.6 cm high, 14 cm wide and 10 cm deep. The length of the metal slats running along the front is 21 cm. The on-site dimmable lamp has two G9 sockets, the lamps are replaceable.
