Technical details

Pays de fabrication	 Allemagne
Fabricant	Holtkötter
Créateur	Holtkötter
année	2020
Indice de protection / Indice IP	IP20
Contenu de la livraison	LED
aptitude de tension	110 - 240 Volt
Projection en cm	38
matériel	métal
réglage de la hauteur	réglable en hauteur
atténuation	Touchez gradateurs sur le bâton de lumière
Puissance en Watt	16,6 W
LED	y compris
Indice de rendu des couleurs	>95
Flux lumineux en lm	1.660
La température de couleur en Kelvin	Dim to warm
Diamètre du réflecteur	9 cm
Pied de lampe dimensions	25 cm
remplacement des ampoules :	chez le fabricant / a l'usine
Dimensions	H 120 - 150 cm

Description

The Holtkötter Aura S floor lamp has a metal reflector which can be aligned as desired. This allows the light to be directed exactly to where it is needed. The metal reflector is available in the colours anodised brass, black, platinum and matt aluminum. In addition, the floor lamp is offered in the following surfaces: brass anodised, black, platinum and matt aluminum. The lamp rod and lamp base always have the same surface as the upper part of the lamp head.

The Aura S from Holtkötter can be adjusted in height between 120 cm and 150 cm. The lamp is infinitely dimmable via the push button dimmer on the lamp rod. When dimming, the Dim-to-warm technology used changes the light colour of the integrated LED to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function saves the last light intensity setting and automatically adjusts it the next time the light is switched on. The Aura S glass with a mouth-blown glass is also available from the series.
