<b>Pied de lampe dimensions</b>	6 cm
<b>tête de luminaire masse</b>	7 cm
<b>remplacement des ampoules :</b>	sur le site meme
<b>Dimensions</b>	H max. 54 cm

## Description

The Less'n'more Athene Recessed Light A-AL2 is particularly suitable as a table lamp wherever there is little space for mounting. It has a mounting plate / lamp base with a diameter of 6 cm and can also be used as a wall or ceiling lamp. **The external transformer supplied can only be mounted from behind outside the mounting plate.** This Athene recessed lamp has a flexible lamp arm that can be stretched and bent as required. When the lamp arm is stretched to its maximum, the lamp has a height or length of 54 cm. The flexible lamp arm is available in these colours: aluminum, textile black, white, anthracite, blue, green, red and brown.

Lamp head and mounting plate are available in the surfaces aluminum and black. To adjust the beam angle of the light continuously between 25 and 100 degrees, only the glass lens has to be turned out of or into the lamp head. With a larger beam angle, the light is distributed over a larger area.

The Athene Recessed Light A-AL2 has an integrated LED with a colour temperature of 2,700 Kelvin extra warm white. The table lamp is offered dimmable on site with a trailing edge phase dimmer or with an integrated push button dimmer on the mounting plate. The version with push button dimmer can be switched and dimmed via the push button. Its flexible lamp arm is available in special colours on request. In addition to this recessed lamp, Less'n'more also offers a smaller lamp with a maximum height of 23 cm.
