

SLV

Enola Square Up/Down S WL

Technical details

Pays de fabrication	 Allemagne
Fabricant	SLV
Indice de protection / Indice IP	IP65
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
Profondeur en cm	12
matériel	aluminium, verre
surface	anthracite
angle du faisceau	30 degrees
Puissance en Watt	7 W
LED	y compris
Indice de rendu des couleurs	>90
La température de couleur en Kelvin	3.000 blanc chaud - 4.000 blanc
Flux lumineux total en LM	285 - 320 Uplight + 285 - 320 Downlight
Dimensions	H 18 cm B 7 cm

Description

The SLV Enola Square Up/Down S WL is a rectangular outdoor wall lamp made of aluminium. This anthracite-coloured outdoor lamp is 7 cm wide, 11.5 cm deep and 18 cm high. Integrated in the rectangular wall bracket is a switch (CCT Switch), with which the colour temperature of the lamp can be changed from 3000 Kelvin warm white to 4000 Kelvin white during installation, if required. LEDs integrated under two glass lenses ensure glare-free light emission. Through the glass lenses, light is emitted upwards and downwards, as well as contoured at the top and bottom of the wall, creating lighting effects on the wall in both directions. The lamp's uplight and downlight each have a luminous flux of 285/320 lumens. With IP65 protection, the Enola Square Up/Down S WL by SLV is ideal as an outdoor lamp, as it is dustproof and protected against water jets from any angle. A spacer set for mounting the lamp with surface-mounted wiring is available as an accessory.
