Description

The Less'n'more Dr Wattson Athene Bedside Table DR-A is a bedside table with an integrated Athene lamp. The bedside table has a white powder-coated aluminum wall bracket with a turnable storage compartment made of solid oak wood. The bedside table is 30 cm wide and 5 cm high. Its depth is 22 cm.

The integrated Athene lamp has a flexible lamp arm that can be bent and stretched as desired. This allows the light to be realigned at any time. At the maximum extension of the arm, bedside table and lamp together have a height of 59 cm. The flexible lamp arm is available in these colours: aluminum, textile black, white, anthracite, blue, green, red and brown. The arm is offered in other colours on request.

The lamp head and the rod of the Athene recessed lamp are available in the surfaces aluminum and black. A push button is located on the lamp rod with which the lamp can be switched and dimmed. The beam angle of the light can be adjusted continuously between 25 and 100 degrees. To do this, the glass lens is turned out of or into the lamp head. With a larger beam angle, the light is distributed over a larger area.

The Dr Wattson Athene bedside cabinet is offered in the versions lamp left or right on the bedside cabinet. The lamp is connected via a black supply cable with a length of 200 cm. In addition to the conventional power supply, the lamp can also be operated via a USB connection. Less'n'more also offers this bedside table with an integrated Zeus lamp.
