- gris métallique
- orange neon
- blanc

Technical details

Pays de fabrication	 Allemagne
Fabricant	Mawa
Créateur	Martin Wallroth
Indice de protection / Indice IP	IP20
aptitude de tension	110 - 240 Volt
Diamètre en cm	8
matériel	acier
atténuation	dimmerable sur place
Socle / Douille	E27
Puissance (max. Watt)	60 Watt
lampe incluse	non
Dimensions	H 6 cm Ø 8 cm

Description

The Mawa Eintopf can be used as a ceiling or wall lamp. It consists of a cylinder made of high-quality steel with a diameter of 8 cm and a height of 6 cm. Its E27 socket can be operated with different globe halogen lamps or LED retrofit bulbs. Depending on the matt or clear illuminant, the effect of the lamp and the light distribution change fundamentally. The Eintopf ceiling and wall lamp is available in the following surfaces: matt white (RAL 9016), matt black (RAL 9005), DB702 grey-metallic, neon orange glossy (RAL 2005), matt nickel-plated, copper, glossy chrome, brass or brass burnished. The surfaces white, black and grey-metallic are powder-coated. The burnishing is handmade, therefore colour deviations are possible. **The light source is exclusive.**
