

LDM

Santo Gala

Version

- aluminium
- bronze
- noir
- argent
- blanc

Technical details

Pays de fabrication	 Allemagne
fabricant	LDM
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
matériel	aluminium
angle du faisceau	124 degrees
atténuation	capteur gradateur
LED	y compris
Indice de rendu des couleurs	>95
La température de couleur en Kelvin	2.850 blanc chaud
remplacement des ampoules :	chez le fabricant / a l'usine
Les performances du système	2 x 14,5 Watt
Flux lumineux total en LM	1.200
hauteur totale	115 cm
Dimensions	L 120 cm

Description

The LDM Santo Gala is a pendant lamp with a length of 120 cm. Two LEDs, each with a colour temperature of 2,850 Kelvin warm white, are integrated next to each other in the lamp and emit most of their light downwards. A sensor dimmer is located in the centre of the lamp, with which the light can be switched and dimmed without touching it. The lamp is switched on or off with a wiping hand movement in the sensor area. To dim the light, the hand is held in the sensor area for a longer time.

The Santo Gala pendant lamp is made of aluminum and is available in the versions polished aluminum, silver metallic, bronze as well as black and white matt. All surfaces except polished aluminum are powder-coated. The lamp is suspended from the ceiling with two steel cables and has a total height of 115 cm. On request, the lamp is also available with special cable lengths.
