

Gera Leuchten

Ceiling Lamp 40x40x2400

Oberfläche

- aluminium
- noir-brun

Farbtemperatur in Kelvin

- 2.700 extra blanc chaud
- 4.000 blanc

Technical details

Pays de fabrication	 Allemagne
Fabricant	Gera Leuchten
Indice de protection / Indice IP	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
matériel	aluminium
Puissance en Watt	19 W
LED	y compris
Flux lumineux en lm	1.400
remplacement des ampoules :	sur le site meme
Dimensions	H 4 cm B 4 cm L 240 cm

Description

The 40x40x2400 ceiling lamp by the German manufacturer Gera is operated with an integrated LED with a power of 19 watts. This LED ceiling lamp is available in aluminium-coloured and black-brown (a very dark brown) finishes. The aluminium ceiling light is 240 cm long, 4 cm wide and 4 cm high. The lamp connection is located in the centre, directly at the connection terminal. This lamp is optionally available with a colour temperature of 2,700 Kelvin extra warm white and 4,000 Kelvin white. The LED ceiling lamp with square cross-section emits its light brightly and glare-free downwards. By combining several ceiling luminaires from this series (e.g. in L-shape), rooms of any size can be illuminated. If required, the integrated LED can be changed by the user. On request, the lamp can also be supplied in special lengths up to a maximum length of 4 metres. The lamp is also available with a Zigbee module on request. ZigBee enables wireless communication via WLAN between a Smart Home device and existing building technology. Using ZigBee, lamps, electric shutters, heating and loudspeakers, among other things, can be controlled via voice control.
