Technical details

Pays de fabrication	 Allemagne
fabricant	Betec
concepteur	Horst Lettenmayer
protection	IP20
Contenu de la livraison	LED
aptitude de tension	110 - 240 Volt
Projection en cm	20
matériel	laiton
Puissance en Watt	26,7 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	2.414,7
La température de couleur en Kelvin	2.700 extra blanc chaud
Dimensions	H 21 cm L 75 cm

Description

This Betec Angulus picture light has an angled shape. Its lamp head can be rotated around its own axis, allowing it to be realigned as needed. This makes this lamp ideal for illuminating pictures, menus and music stands. A Duo LED is integrated as the light source. A Duo LED consists of two LEDs in one housing and therefore has a particularly high light output. The lamp offered here is 75 cm long and has a projection of 20 cm (bracket type 20).

The Betec Angulus 75 cm is offered in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. The lamp is supplied with a mounting set that makes it easy to attach the lamp directly to a picture or to the wall. As standard, the picture light has a colour temperature of 2,700 Kelvin extra warm white. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. The manufacturer Betec also offers the Angulus picture light in three other lengths and with a projection of 15 cm or 25 cm.
