Description

The Bover Mediterrania S/105 Outdoor pendant light has a curved lamp shade made of a hand-woven, synthetic polyester fibre. The synthetic polyester fibre is so resistant and weatherproof that this lamp is also suitable as an outdoor lamp. With a protection rating of IP66, the pendant lamp is dustproof and protected against strong jets of water. The light is emitted glare-free downwards through a diffuser made of polycarbonate. Through the structure of the hand-woven lamp shade, the light also penetrates to the side and upwards.

For the Mediterrania S/105 Outdoor, both the lamp shade and the ceiling canopy are in brown. The lamp shade has a diameter of 105 cm. In total, the shade of this lamp is 12.3 cm high. This LED lamp comes with a black, waterproof neoprene cable that can be shortened if necessary. Its maximum total height is 216.5 cm. This lamp is operated with an integrated LED that has a colour temperature of 2,700 Kelvin extra warm white. The LED can be dimmed on site with a trailing edge phase dimmer. Lamps that are DALI or 1-10 volt dimmable are also available on request. The Mediterrania lamp by Bover is an ode to the Mediterranean light, the breeze and the scent of the Mediterranean.
