### Description

The Bover Nans S/16 Outdoor pendant lamp has a lamp shade made of a hand-woven, synthetic polyethylene fibre. The lamp shade has a diameter of 16.7 cm and is 16.5 cm high. The synthetic polyethylene fibre is so resistant and weatherproof that this lamp is also suitable as an outdoor lamp. With a protection rating of IP65, the pendant lamp is dustproof and protected against water jets from any angle. The light is emitted glare-free downwards through a diffuser made of polycarbonate. Due to the structure of the hand-woven lamp shade, the light is also emitted sideways.

The Nans S/16 Outdoor is offered with a lamp shade in the colours red, brown and beige. Its canopy made of stainless steel and aluminum always has a graphite-brown colour. The suspension of the lamp can be shortened if necessary. Its maximum total height is 200 cm. The pendant lamp is operated with an integrated LED that has a colour temperature of 2,700 Kelvin extra warm white. The LED can be dimmed with a trailing edge phase dimmer.
