Description

The Bover Tanit S emits its light without glare directly downwards and sideways through the lamp shade. During the production of the beige hand-woven lamp shade, a pattern is created on the lamp shade through weaving. The pendant lamp can be individually set in its total height during assembly. The total height is 200 cm.

The Tanit S pendant lamp is offered in two sizes: with a shade diameter of 43 cm or 61 cm. The smaller lamp has a shade height of 23 cm, the larger one 30 cm. On top of the lamp shade is a black suspension. The Tanit is operated with a powerful, dimmable LED with a colour temperature of 2,700 Kelvin extra warm white.
