## Description

The Light in Space Glass Moons 3 Chandelier Spring consists of three lamps on a round canopy. The glasses of the three lamps are made in classic craftsmanship and are mouth-blown. The Glass Moons 3 Chandelier Spring has one lamp each with a forest green, an amethyst-coloured and a brilliant yellow glass.

The three lamps can be individually set in total height when installed. The Glass Moons 3 Chandelier Spring is offered with a round canopy in stainless steel or white. The three E27 sockets of the chandelier are suitable for replaceable LEDs (retrofit).
