### Description

The Arturo Alvarez Blossom BS02 table lamp consists of four lamp shades that are partly turned into each other. Its asymmetrical shape and colour change depending on the viewer's angle of vision, as does its fabric. Blossom is a design that is intended to create elegant lighting effects in any kind of environment.

The Blossom BS02 is a total of 55 cm high and 26 cm wide. Its depth is 22 cm. The table lamp is available in the shade colours white and multicoloured. The lamp shades are made of a lacquered, particularly resistant stainless steel metal mesh. The stainless steel metal mesh is a translucent and flexible mesh made of metal, which was specially developed by the manufacturer Arturo Alvarez for its lamps. The E27 socket of the Blossom BS02 is suitable for replaceable LEDs (retrofit). There is an on/off switch on the supply line.
