Description

The original replacement LED light source for the Syphasera, Syphasfera and Fil de Fer lights from Catellani & Smith is available for indoor and outdoor use. The version for outdoor use has an IP65 protection rating and is supplied with an O-ring. The version for indoor use has an IP20 protection rating. The relevant lamps, which were produced from 2022 onwards and already have the new LED light sources with an output of 0.8 watts each, can be operated with these replacement light sources. Lamps in the Catellani Smith Syphasera, Syphasfera and Fil de Fer series that were produced by Catellani Smith before 2022 require a suitable conversion set, which can be found under accessories.
