- noir / laiton
- blanc / aluminiumbiały / aluminium

Technical details

Pays de fabrication	 Allemagne
fabricant	Holtkoetter
concepteur	Holtkötter
année	2023
Diamètre en cm	49,5
matériel	Metall
atténuation	Section de phase
Puissance en Watt	45 W
LED #	inclus
Indice de rendu des couleurs	>90
Flux lumineux en lm	6700
La température de couleur en Kelvin	2.200 - 2.900
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
canopée Dimensions	42 cm
remplacement des ampoules :	sur le site meme
Dimensions	H 25 cm Ø 49,5 cm

Description

The Holtkötter Supernova DL LED ceiling lamp combines a powerful light output with unique optics. This lamp has a large, flat ring that fulfils a very special task. This is elegantly connected to the large, round ceiling canopy by a gentle curve, so that both elements are directly opposite each other and together create a harmonious image. The lamp can be dimmed continuously using an external trailing edge phase dimmer. When dimmed, the light colour of the integrated LEDs changes to a warmer tone (from 2,900 Kelvin warm white to 2,200 Kelvin warm white) thanks to dim-to-warm technology. The Holtkötter Supernova is available in the following surface textures: Aluminium matt, white, black/brass anodised and white/aluminium matt.
