

Holtkoetter

Type T

Oberfläche

- aluminium
- laiton
- platine
- noir

Armfarbe

- noir
- sand
- bleux
- rouge
- gris

Technical details

Pays de fabrication	 Allemagne
fabricant	Holtkoetter
concepteur	Holtkötter
année	2023
matériel	Métall
atténuation	controle gestuel
Puissance en Watt	15 W
LED #	inclus
Indice de rendu des couleurs	>90
Flux lumineux en lm	1800
La température de couleur en Kelvin	2.200 - 2.850
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
remplacement des ampoules :	sur le site meme
Dimensions	H 75 cm

Description

The Holtkötter Type T table lamp is the illuminating highlight for every taste thanks to the numerous possible combinations of surfaces and textile-coated tubes. The lamp can be switched and dimmed continuously using the gesture control. To do this, a hand is held in the sensor area of the gesture control below the reflector. When dimming, the light colour of the integrated LED changes to a warmer tone (from 2,850 Kelvin to 2,200 Kelvin) thanks to the dim-to-warm technology. The last set light intensity is saved using the memory function and automatically reset the next time the light is switched on. This 75 cm high table lamp has a 22 cm long base and is available in anodised brass, black, platinum and matt aluminium. The lamp head, lamp rod and lamp base each have the same finish. The flexibly adjustable lamp arm is available in the colours: sand, red, blue, grey and black.
