## Omschrijving

The Catellani & Smith Stchu-Moon 02 Chandelier is a multiple pendant light with three shades in a hemisphere shape. The shades are available with a diameter of 40 or 60 cm. Each shade is made of aluminum and outside matt black. Inside, each shade is covered with an irregular, relief-like structure which is offered in gold leaf, silver leaf or copper. A reflector inside each shade emits its light to the relief-like internal structure which is so illuminated. The cables can be shortened if necessary. LEDs that can be dimmed by the customer are integrated as light sources.
