## Omschrijving

The lamp shades of the Serien Lighting Poppy Floor are made of mouth-blown glass. They are offered in black violet, ruby red or ceramic. The arms of the floor lamp are made of aluminum and are covered with fabric. They are available in black or beige. The steel base is available in black or cream lacquer. The lamp shades are fitted with bimetallic slats that expand when heated, thus imitating the effect of a n opening flower petal when the lamp is switched on. This floor lamp is operated with three G4 bulbs, each with a maximum power of 35 watts.
