- textiel antraciet

Technical details

Land van fabricage	 Duitsland
fabrikant	less'n'more
ontwerper	less'n'more
bescherming	IP43
Omvang van de levering	LED
voltage geschiktheid	110 - 240 Volt
materiaal	aluminium, glas, textiel
stralingshoek	15 - 75 Graad
Wattage	3 W
LED	inclusief
Kleurweergave-index	90
Lichtstroom in lm	450
Kleurtemperatuur in Kelvin	2.700 extra warm wit
kandelaar Dimensions	6 cm, hoogte 3 cm
lampkop massa	3 cm
LED Aantal	1
lichtverdeling	direct

Omschrijving

The less'n'more Zeus Installation Light is a table lamp, which is mounted directly into the tabletop. A installed mounting plate serves as the lamp base for the recessed light. This model impresses with its flexible lamp arm which can be moved freely. Different surfaces are available.

The Zeus has a light head with a focusable lens. By screwing the lens out of the the head or in turn back again into it, the beam angle of the head can be changed between 15 and 75 degrees. The beam angle determines the angle at which the light emerges from an LED spotlight. The larger the beam angle, the larger the illuminated area, but it is also less bright because more area is illuminated.

The Zeus Recessed Light also is offered in two dimming versions: either dimmable on site with a phase dimmer or equipped with an already integrated dimmer.
