<b>Lichtstroom in lm</b>	598
<b>Kleurtemperatuur in Kelvin</b>	2.700 extra warm wit
<b>armlengte</b>	190 cm
<b>lampkop massa</b>	9 cm
<b>Dimensions</b>	L 192 cm

### Omschrijving

The Luceplan Counterbalance is a black wall lamp, which can be aligned in the room at will cause of its swiveling light arm. The counterweight balances the movements of the long arm with help of gear wheels and guarantees the stability of the lamp head. The lamp head is made out of lacquered aluminum, the body is made of matt lacquered steel. Different brightness levels can be set with the dimmer on the lamp head. Daniel Rybakken designed the wall light in the year 2012. Apart from this light, also a spotlight as well as a floor lamp are on offer from this series.
