Omschrijving

The Luceplan Costanza Wall Telescopic Dimmer can be adjusted with a telescopic rod in its height between 76 cm and 110 cm. In addition, it has a sensor dimmer at the lamp socket, this rod has to be touch only slightly to dim the wall lamp in 4 brightness levels. Like the other lamps in this series, the wall light is offered with different versions for the shade. the lamp is also offered as a not-height adjustable wall lamp with a switch. The light series was created 1986 by Paolo Rizzatto.
