

Marset

Nenufar 2 white

Technical details

Land van herkomst	 Spanje
Fabrikant	Marset
Ontwerper	Joan Gaspar
jaar	2013
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
voltage geschiktheid	230 - 240 Volt
materiaal	ijzeren, polycarbonaat
Hoogte-instelling	hoogte bepaalbaar
Wattage	5,4 W
LED	inclusief
Kleurtemperatuur in Kelvin	2.700 extra warm wit
luifel Dimensions	18 cm, hoogte 4 cm
Versie	wit
Schaduw diameter	17 cm
prestaties van het systeem	2 x 9 Watt
Totale lichtstroom in lm	1.400
lichtverdeling	direct
totale hoogte	347 cm
Dimensions	H 47 cm B 22 cm L 25 cm

Omschrijving

The outcome of the designer's arduous quest to create a fixture that seems to float on air, the Marset Nenufar 2 takes its name and its delicate shape from the water lily. This lamp consists of a chromium-plated rod with two black or white polycarbonate shades. Each disc-shaped shade is distinct, separated from the other in a way that the downward beams do not intersect or interfere, but combine for a uniform, direct beam. The result is an item that is midway between decorative and architectural, and be applied to both purposes with ease. Sober and well finished, the Nenufar utilizes top-quality materials and the power of LED to radiate an exquisite luminosity and create warm, welcoming atmospheres.

This lamp is in its element installed in a series - creating areas lit at different heights and with various combinations of discs - or on its own as a surprising, well balanced and subdued centerpiece. The lamp is on offer with one, two, or three black discs supported by a polished chrome rod. This lamp is also available in pre-set configurations of 3, 5, 7, and 9 units, to ease installation. On request, there are offered surface-mounted and recessed canopies with which the single lamps can be combined with each other.
