

## Vistosi

### Bolle LT P

#### Oberfläche

- doorzichtig
- wit

#### Technical details

<b>Land van fabricage</b>	Italië
<b>fabrikant</b>	Vistosi
<b>ontwerper</b>	Barbara Maggiolo
<b>jaar</b>	2003
<b>bescherming</b>	IP20
<b>Omvang van de levering</b>	Leuchtmittel/Bulb
<b>voltage geschiktheid</b>	110 - 240 Volt
<b>materiaal</b>	kristalglas, metaal
<b>base/versie</b>	G9
<b>schakelbaarheid</b>	aan de lijn
<b>Vermogen (max. Watt)</b>	60 Watt
<b>Schaduw diameter</b>	16 cm
<b>Dimensions</b>	H 19 cm

#### Omschrijving

The Vistosi Bolle LT P is a table lamp with a lamp shade made of mouth-blown crystal glass. The glass is processed using the Balaton technique, in which air bubbles are enclosed into the glass. This creates a special texture which multiplies the reflections on the surface of the glass. In addition, a halo effect appears on the table on which the lamp stands. The lamp shade is available in crystal transparent and white surfaces. The lamp base is made of satin nickel-plated metal. Altogether the Bolle LT P is 19 cm high and has a lamp shade with a diameter of 16 cm. An on/off switch is integrated on the supply line. The table lamp can be operated with halogen lamps or LED retrofits.
