

Serien Lighting

Curling Suspension Rope Acryl clear / cylindric opal S

Farbtemperatur in Kelvin

- Dim to warm
- 2.700 extra warm wit
- 3.000 warm wit

Technical details

Land van herkomst	 Duitsland
Fabrikant	Serien Lighting
Ontwerper	Jean-Marc da Costa und Manfred Wolf
jaar	2020
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
voltage geschiktheid	110 - 240 Volt
materiaal	Acrylglas, aluminium
Hoogte-instelling	hoogte bepaalbaar
dimmen	dimbaar met fase- en fase-afsnijding en fase-regelingsdimmer
Wattage	11 W
LED	inclusief
Kleurweergave-index	>97
luifel Dimensions	8 cm
Schaduw diameter	16 cm
schermhoogte	6 cm
bulb vervangen:	ter plaatse zelf
totale hoogte	15 - 195 cm

Omschrijving

The Serien Lighting Curling Suspension Rope Acryl clear / cylindrical opal S can be individually configured in its total height between 15 cm and 195 cm during installation. This Curling suspension lamp has a shade made of clear acrylic glass and a cylindrical reflector. The light is directed downwards and softly diffused all around by the reflector.

The pendant light Curling Suspension Rope Acryl clear / cylindrical opal S is available with a colour temperature of 2.700 Kelvin extra warm white, 3.000 Kelvin warm white or with Dim to warm function. The version with dim to warm function imitates the dimming behaviour of classic incandescent lamps, which is perceived as pleasant. Here, when dimmed down, the light not only becomes darker but also changes its colour temperature. Thus, the colour temperature changes from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white when dimmed. The Curling acrylic lamp with steel cables is also available with a lamp shade that has a diameter of 22 cm.
