Omschrijving

The Serien Lighting Curling Suspension Rope new silver M is suspended on stainless steel cables and can be individually set in the total height between 15 cm and 195 cm. This lamp has a lamp shade with a diameter of 25 cm and a height of 9 cm.

The Curling Suspension Rope new silver M is offered with a colour temperature of 2,700 Kelvin extra warm white, 3,000 Kelvin warm white or with dim to warm function. The version with dim to warm function imitates the dimming behaviour of classic incandescent lamps, which is perceived as pleasant. When dimmed down, the light not only becomes darker but also changes its colour temperature. The colour temperature changes from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white. The Curling Suspension Rope with a shade in new silver is also available as a smaller lamp with a shade diameter of 18 cm.
