LED	inclusief
Kleurweergave-index	80
Kleurtemperatuur in Kelvin	2.700 extra warm wit
bulb vervangen:	ter plaatse zelf
prestaties van het systeem	4 x 1 Watt
Totale lichtstroom in lm	300
Dimensions	H 2 x 45 + 2 x 75 cm

Omschrijving

The Catellani & Smith Syphaduepassi Set 4 consists of four complete outdoor floor lamps, ready for connection, with all necessary accessories. The Syphaduepassi lamps can be easily connected to each other using the Catellani & Smith Quick Connectors system. Only a single power connection is required for installation. All necessary plug connections are included. Included in the set:

- Two lamps with a height of 45 cm
- two lamps with a height of 75 cm
- an extension cable with a length of 500 cm
- a driver necessary for lamp operation
- a connection cable for the power supply.

The Syphaduepassi outdoor floor lamps can be fixed with their ground spike up to 25 cm into the ground. The heights of the lamps (45 cm and 75 cm) are indicated without ground spike. The light is focused and emitted without glare through the glass lenses of the lamps. The brass lamp rod of each lamp can be bent and realigned if necessary.

With IP44 protection, the Syphaduepassi lamps are protected against splashing water on all sides and solid foreign bodies with a diameter of 1 mm or more. With IP65 protection, the lamp rods are dust-tight and protected against strong jets of water from any angle. Drivers and extension cables are protected against temporary immersion with IP67 protection. The series also includes sets with one complete lamp or with two, three, five or nine complete lamps.
