

Holtkötter

Supernova W

Oberfläche

- aluminium
- messing
- platina
- zwart

Version

- met schakelaar/drukdimmer
- zonder schakelaar

Technical details

Land van herkomst	 Duitsland
Fabrikant	Holtkötter
Ontwerper	Holtkötter
jaar	2020
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
voltage geschiktheid	230 - 240 Volt
Projectie in cm	5 - 25
materiaal	metaal
Wattage	18 W
LED	inclusief
Kleurweergave-index	>90
Lichtstroom in lm	2.600
Kleurtemperatuur in Kelvin	2.700 extra warm wit
reflector diameter	23 cm
bulb vervangen:	bij de fabrikant / fabriek
Dimensions	H 29 cm

Omschrijving

The Holtkötter Supernova W is a wall lamp with a movable reflector. The reflector can be inclined by 180 degrees. Depending on the set inclination, the light can be emitted from the reflector onto the wall, upwards or directly to the side. This creates different lighting effects on the wall. The Supernova W is available in two versions: with switch/push button dimmer or without switch. In the version with switch/push button dimmer, the switch is integrated on the wall bracket. The wall light is operated with an integrated LED. The LED has a colour temperature of 2,700 Kelvin extra warm white and can be replaced if necessary. The Supernova W by Holtkötter is offered with anodised brass, black, platinum and matt aluminum surfaces.
